Copy of letter from F.W. Stewart Esquire, C.I.E., I.C.S.,
Collector of Bellary, Reference C.No.2396/33 B1 dated 27th
August 1933.

The ryots of Kudatani village in Bellary taluk have
applied for permission to graze their cattle in the military
grass farm hills situated to the south of their village. I
enclose a copy of their petition for perusal of the Board and
report as follows:-

2. The area applied for is known as "kumnaas" of Bellary
taluk. They are under the control of the Military Department.
The Military authorities are said to have ceased cutting grass
in this area for the past two years and probably it is no
longer required by them.

3. I inspected the locality. The plot adjoins the
cavalry kumnaas of Hospet taluk, the question of releasing
which from the Military control is under the consideration of
the Government. Please see correspondence ending with Board's
reference B.No.848/33-4 dated 29th July 1933. It seems to me
that the Army department had overlooked the area comprised in
the kumnaas of Bellary taluk when they proposed to release the
adjoining land in Hospet taluk. They seem to have not noticed
that what they proposed to release was only the south west
slopes of the line of hills although they are also in possession
of the north east slopes and the grazing is of the same moderate
quality. The south west slopes lie in Hospet taluk and the
north east slopes in Bellary taluk, the taluk boundary running
along the high ridges between the slopes.

4. At present cattle and sheep of this village graze
on patta lands, assessed waste lands, unassessed waste lands
and communal porambores; these are inadequate for the require-
ments of the village. The village is in a flourishing condi-
tion and country blankets are woven there. It is also noted
for sheep rearing. This local industry is already known to

Government

Government vide Board's Reference B. No. 848/33.3 dated *ne.*
19th July 1933. Copy of His Excellency's remarks in *below.*
the minute book of the Kudatani Gumbli weavers coopera-
tive society and extract of inspection report by the
Textile expert department of industries, Madras in the
matter of giving more facilities for grazing are enclosed
for Board's perusal.

5. If, as the petitioners allege, the Bellary
taluk rumnahs have ceased to serve the needs of the mili- *p. 5 infra*
tary department, I recommend the application of the Kuda-
tani ryots for the North east slopes of the Rumnahs with
the special object of developing their industry. The
Board may be pleased to move Government in the matter.
After the area is taken possession of by the Local Govern-
ment and reserved for grazing purposes, further report
in the matter of its management by a forest panchayat
will be submitted.

6. A list of lands comprised in the Bellary Taluk *at p. 6 infra*
Rumnahs is appended.

Copy of His Excellency's remarks in the Minute
book of the Kudathini cumbli weavers's cooperative society.

I have been very pleased to visit the weavers'
cooperative society at Kudathini and to see the work done
which is of a high quality. I wish it every success.

--

Extract of inspection report on the Kudatani weavers
Cooperative society by the Textile expert department of
Industries, Madras on 22nd January 1926.

The reason which handicaps increase in the pro-
duction of wool is that the several reserve forests in the
neighbourhood

neighbourhood are not open to the kuruba weavers for grazing their sheep. A fee of Rs.0-1-6 per sheep per annum is being levied by the Forest Department for throwing open the Kavali Cudda reserves. The weaver is unable to pay the fees from his scanty earnings. The Chief Conservator of Forests may be requested to permit the weavers to graze their sheep in Kamach^ara cudda and Malais Cudda free of charge. Such help should induce the weavers to maintain a large number of sheep than at present and thereby to increase the supply of raw material.

Copy of the petition dated 26th March 1933 of the ryots of Kudatani to the Revenue Commissioner, Madras.

We the undersigned ryots of Kudatani village, Bellary taluk and Bellary district, most humbly beg to bring forth a few lines of our grievances to your kind consideration and for favourable orders.

2. That there is a range of hill lying south at a distance of 2 miles to our village. Grass was used to be supplied from this hill to Simla for the military horses. But for the last two years the grass from this hill has not at all been used and the concerned authorities have practically given up using this grass once for all. Our Kudatani village having nearly 5000 cattle we all feel very difficult to get a little quantity of grass for these cattle owing to this hill being under the control of the Military authorities. Fortunately they have given up this hill entirely. We therefore humbly request you sir, that a kind permission order may be sent at a very early date to graze our cattle in the hill hitherto mentioned and thus protect our cattle. This hill if permission is given will become a sort of free graze land for the cattle to graze in and our actual difficulties will be at once removed.

We are all of opinion that you will treat this as important and send us a permission order to graze our cattle in the hills.

Sir,

Transfer - Land (Bellary) - Bellary

villages - Rumnahs - Local Govt.

....

I am directed to invite the
attention of the Government of India to
their letter No.979-L/A.D.4, dated
16-8-1933 in which they sanctioned the
transfer to this Government free of cost
of the lands known as Cavalry Rumnahs
in the Hospet taluk measuring in all
1817-32 acres subject to the condition
that when the lands are leased out,
half the capitalised value of the
rental should be credited to the Govt.

of India under rule 6 of the Secretary
of State's Land Transfer Rules. These
lands are on the South-West slopes of
the Rumnah Hills. On the North-East

Lopes of the same hills within the limits of the Bellary Taluk there are similar lands (list enclosed) which are under the control of the Military Department. It is understood that the Military Department ceased to cut grass from the lands and may not require them any longer. The ryots of Kudatani have applied for permission to graze their cattle in these lands. The Collector of Bellary recommends the application with the object of encouraging the sheep rearing and woollen blanket industry for which the ryots of this village are noted. If the lands are no longer required by the Military Department I am directed to request that they may be transferred to this Government on the same terms as those on which the adjoining lands in the Hospet Taluk were transferred to this Government in the letter of the Government of India dated 16-8-1933 mentioned above.

To:-

The Secretary to the Government of Madras,
Revenue Department.

Subject:- Transfer to the Madras Government of Military land in Bellary, Taluq-Kudatani and Haragondona villages.

Sir,

I am directed to invite the attention of the Government of Madras to their letter No. 3216 D/33-1, dated the 30th October, 1933, and to say that from correspondence which has passed, these Headquarters are not quite clear what land the Government of Madras actually require.

Would it be feasible for the Madras Government to nominate a representative to meet the Manager, Military Grass Farms, Bangalore at TORNAGALLU Railway Station at any date and time convenient to point on the ground what land they actually require ?.

The Army does not require the Cavalry Rumnah, these Headquarters were under the impression it had already been handed over to the Madras Government vide Army Department letter No. 979-L/A.D.4, dated the 16th August, 1933.

The Artillery and Commissariat Rumnahs are however still required by the Army.

I have the honour to be,

S I R,

Your most obedient servant,

G.O.C-in-Chief, ^α Lieut-General,
Southern Command.

Transfer to the Madras Government of
military land in Bellary Taluq-Kudatani
and Haragondana villages.

Sir,

I am directed to refer to your letter No.3216-D/33-1, dated the 30th October 1933, on the above subject, and to say that the Government of India sanction the transfer to the Madras Government, free of cost, of the lands known as cavalry rummahs in the Bellary Taluq of the Bellary District measuring in all about 1194.49 acres (868.08 acres in the Kudatani village and 326.49 acres in the Haragondana village) subject to the condition that when the lands are leased out, half the capitalised value of the rental will be credited to the Government of India under rule 6 of the Secretary of State's Land Transfer Rules.

2. Half the capitalised value of the rental of the lands, when received, should be passed to the Controller of Military Accounts, Northern Command, for credit to the special suspense head "Sale proceeds of surplus military lands and buildings".

M. L. C. He was informed that the f. of D.
had stated that they no longer required the
area known as the Cavalry Ruminahs (area
1817. 32 acres) in the Hospet Taluk, that
the question of bringing it under the control
of this Govt. was under consideration and
that as no communication had been received
from the f. of D. in respect of the remaining area
of the military grass farm lands in the
Bellary St., the presumption was that they
were still required by the f. of D. for their purposes.
The Cavalry Ruminahs in the Hospet Taluk
